

# Participant Content License Application

The purpose of this questionnaire is to determine the data required by Participant and the intended use of such data by Participant. By completing the following questionnaire, Participant is representing business requirements and intended use of data. If Participant and REcolorado enter into a content license agreement, information in this questionnaire may become a part of that agreement. Submission of this questionnaire and identification of the data categories and disclosures of the proposed uses for the data categories does not entitle Participant to receive access or license to the data categories requested for the proposed uses disclosed. Whether Participant's request for access and license to data from REcolorado will be authorized shall in all events be at REcolorado's sole discretion.
