

## Matrix Updates

- The Client 1-Page Report is now available from Cross Property searches. This means that when you access a listing from any Cross Property search including the Address Quick Search on the Matrix dashboard, the speedbar, or My Listings, you'll now have the ability to print the Client 1-Page Report.
- Well Depth has been added to Residential Detached input on the Site Tab. This field will be searchable, display on reports and available in exports.

- New options have been added to several fields in listing input:
  - **Exterior Features:** added *Front Porch* and *Wraparound Porch*
  - **Interior Features:** added *Master Bath* and *Pool – Indoor*
  - **Master, 2<sup>nd</sup> & 3<sup>rd</sup> HOA Fee Quoted:** added *Semi-Annually*
  - **Financial Terms:** added *Jumbo*
  - **Laundry:** added *Coin-operated*
  - **Basement Type Options:** added *None*
- The ZIP Code field in listing Input has been adjusted to only allow five digits to be entered instead of a nine digits. This will improve the accuracy of the ZIP Code search results.
