

# Customize the Realist Property Details Report Display

The **Property Details Report** can be customized to display specified sections

From the **Property Detail tab** **1**

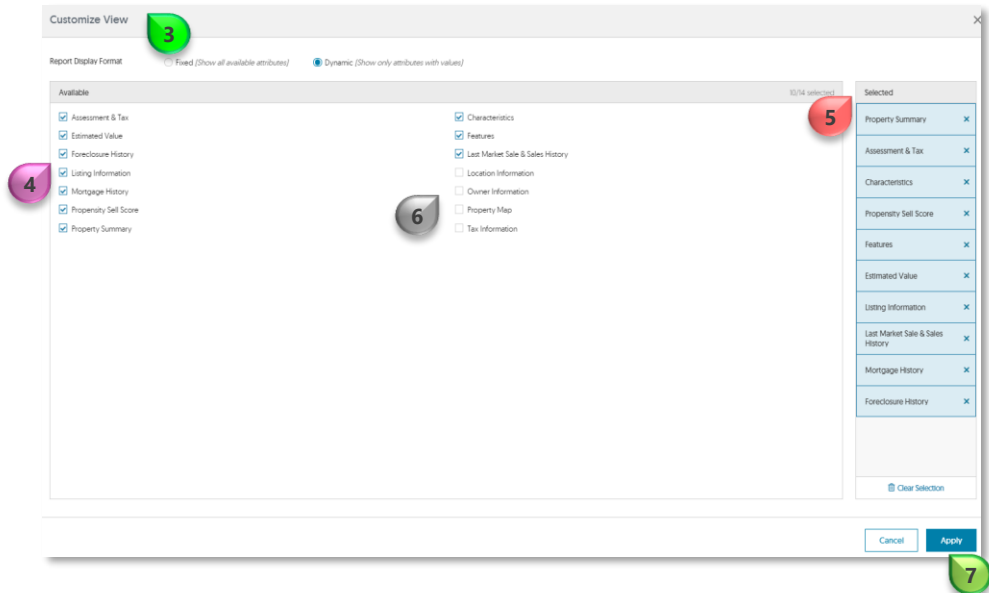

Click **"Customize View"** **2**

A Customize View screen will present **3**

Sections with a **checkmark** **4** will appear in the **Selected panel** **5** and will present in the report

Sections without a **checkmark** **6** will not appear in the report

To remove a section click the **checkbox** with a **checkmark** next to the section of interest **4**. This will remove the **checkmark** and remove the section from the report.

To add a section click a **checkbox** without a checkmark. **6** This will add a **checkmark** and include the section in the report.

Click **"Apply"** **7**

**Note:** Sections will remain removed from future *Neighborhood Profile Reports*. To add a section back to the display, follow the same process.
